A duplicate of Montaro game,
a Cat instead of Doge.
Some tweaks in mechanism tho.

Game of patience.

Playable but far from good.

Buyable only with discount and for achievements.. Great game for the money. Nice way to spen some down time relaxing.
Come for the little sisters

Stay for the infinite achievements. Basically everyone's mad because this is a better Montaro clone.

Could've had more anime biches tbh, nothin wrong with more anime tiddie imho. The game is not with the best gameplay. We have to play for a running cat, which drag a thread of clothes thereby exposing the girl. Along the way, we have to avoid different subjects, be it birds, a dog or a police car. This game can be played for the statistics of the best games, as 99 achievements are given for almost any action.

What the.... this game ?. Like Montaro or Salty Fish Go, Meow Go is a great addition to your lewd endless runner games. Overall I feel like it's the most fair of the others. I... ugh, I do recommend it. Please help.
